About Wine Marlborough Ltd

The purpose of Wine Marlborough is to proudly stand up for, and build, the reputation of Marlborough’s wine region. Five staff are employed to provide Advocacy, Events, Marketing and Communications.

The Marlborough Winegrowers Association (MWG) was established over 40 years ago by elected members of the industry. Wine Marlborough Limited (WML) is a wholly owned subsidiary company, established in 1992, and governed by the MWG Board of Directors.

Membership	Every person or body corporate who produces grapes in Marlborough or grape wine from grapes grown in Marlborough for sale is a Wine Marlborough member. Membership is automatic through the levies paid to the national wine body, New Zealand Winegrowers (NZW).
Funding	All New Zealand winemakers and grape growers who sell their products are required to pay a grape or wine levy on these sales to NZW. WML is partially funded with this levy, receiving approximately 5%. We also self-fund activities and generate funding through user pays activities, sponsorships, and event income.
Governance	Wine Marlborough Ltd is 100% owned by MWG and is governed by the MWG Board of Directors. The WMG Board is made up of five wine company and five grape grower representatives elected by members. The term for a MWG Board member is three years.

About the MWG Election

Under the Constitution of the Marlborough Winegrowers Association (MWG), an annual election must take place.

- Each Member company has one representative that can vote, nominate, or stand for the MWG Board.
- Each Member company can only be registered in one voting category (either a wine company or grape grower) based on the highest levy paid to NZW.
- If there are less nominations than Director places available in any category, there will be no election for that category and whomever has applied will be automatically elected.
