

Wine Industry Skills Survey

25 September – 27 October 2023

This critical survey will help ensure the future of your workforce

The Wine Industry Skills Survey is part of a workforce **stocktake** of roles and skills across all businesses in the wine industry.

- Growers
- Wine producers
- Goods and services suppliers such as vineyard contractors, bottling, and logistics

The survey is a crucial foundation to **forecast** the skills and roles that will be needed in the future.

It spans every winegrowing region in New Zealand.

Preparing our industry for the future

-  New Zealand's wine sector and workforce have grown rapidly in the past two decades. Businesses have evolved, changing demand in roles and skills.
-  Understanding of the current wine sector workforce is based on old assumptions. Detailed and up to date business insight is needed.
-  The labour market is changing, the demographic of New Zealand's workforce will look quite different 10 years from today. We need to prepare for this.
-  Globally we are in a skills and labour shortage.
-  The world of work is changing, and a paradigm shift towards skills-based organisations is underway – are you ready?

NZ's wine sector and businesses need be positioned to compete globally for skills, talent and capability.

Insight for businesses to plan their workforce

A strong evidence base to improve the sector's supply and development of people, skills, and capability.

A deep understanding of the sector's current workforce and how your business stacks up.

Knowledge of the gaps and opportunities for your business so you can build the capability and capacity needed for your future.

Insights into the skills needed in the sector and how these apply to your business.

Engaging and aligning with industry workforce planning, so your business can stay at the forefront of developing your workforce.

A key output of the project will be tailored and targeted to businesses to support in their workforce planning.
